Yukon Business Directory

Pocket Edition

We are pleased to announce the release of the Yukon Business Directory Pocket Edition. The 1984 Yukon Business Directory project is the result of the joint co-operation between the Government of Yukon's Department of Economic Development and the Yukon Chambers of Commerce.

The Yukon Business Directory and this pocket edition are only one part of the joint business program sponsored by the Government of Yukon and the Yukon business community. The objectives of this program are to broaden and stabilize the economy of Yukon through promotion and market expansion for Yukon goods and services. Every effort is being made to capitalize on the economic opportunities for Yukon business. In this regard, the directory is the most visible and valuable source of information for potential clients.

We have introduced a new format for the main directory as well as distributing this pocket edition. Every effort has been made to increase the usefulness of these documents in an effort to attract attention to Yukon business.

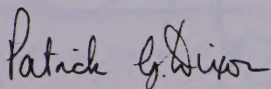

Our economy is at a threshold and we must diversify if we are to expand and stabilize. We are confident that Yukon's business community has the potential to serve both Yukoners and non-Yukoners well.

Your continued co-operation will help us to ensure that the Yukon business community, and in turn all Yukon residents, can realize maximum benefits from a more stimulated local economy.

Sincerely,

Hon. Dan Lang,
Minister of Economic Development

Patrick G. Dixon,
President,
